

TALK from THE TOWN COUNCIL

www.fleet-tc.gov.uk

Four years in the life of a Town Council.....

May 2014 sees the end of the first term of Fleet Town Council. All 19 councillors across 5 wards will be required to stand for election. We trust that you can see the difference a Town Council can make to the local community.

Fleet Town Councillors 2011 –2012

The Town Council resolved not to be an event organiser, but a facilitator of community events, providing grants, access to Council facilities and administrative support. This we believe has helped develop the very successful Annual

Carnival, the Fleet Half Marathon, the Lions firework display and the Fleet and District Christmas Festival. These are eagerly anticipated events that have grown from strength to strength, and attract crowds of local residents and visitors to the town.

Just some of the differences made to Fleet since 2010

The Town Council has strived to improve the summer flower displays, the Christmas lights and the quality and cleanliness of our urban parks. Play equipment has been added to our parks at Ancells Farm and Basingbourne, play sculptures and Jubilee Wood at Calthorpe Park. Again supporting local volunteer groups; a vote of thanks to all our "Friends of Park Groups" who do such a valuable job in maintaining and enhancing our green spaces.

Finally we hope that a broader range of entertainment at the Harlington including the first professional pantomime has helped strengthen the sense of community.

Let us know how Fleet Town Council can continue to make a difference in the next 4 years.
