

## **Harlington Development Consultation Results**

### **Consultation Results**

**“Do you support the building of a new Harlington community complex on Gurkha Square?”**

The recent consultation on The Harlington has again failed to excite a response from the majority of Fleet residents.

Returns from only 18% of the electorate has resulted in 60% of the responses rejecting development on Gurkha Square.

Residents returned the following votes:

1,874 residents returned a NO vote

1,245 residents returned a YES vote

Fleet Town Council will now defer to Hart District Council, owners of the freeholds on Gurkha Square and the existing Harlington complex for their decision on how a project, if any, can move forward.

Fleet Town Council is open to work with the District Council and Hampshire County Council in any plans for the future of The Harlington.
