

## The Harlington Development Update

At last things are really moving ahead on the Harlington development. Back in June we received a very positive Feasibility Study from theatre design specialists, Charcoal Blue, who confirmed that a functional and attractive purpose built theatre could be developed within the existing envelope of The Harlington. As ever it is always good news with a "but." The "but" in this instance being the difficulty in fitting all the supporting rooms and facilities around the theatre core. There will need to be some compromises.

A new build theatre/centre on Gurkha Square could accommodate all these supporting facilities, but again raises its own issues regarding alternative uses of Gurkha Square and the proximity of the new building to the Library. Again working with Charcoal Blue, a document was prepared inviting tenders from experienced architects to develop designs, produce drawings and cost estimates for three options suitable to go out to public consultation. The three options are defined as:

- Essential maintenance to the existing Harlington, what needs to be replaced, repaired or refurbished to provide a sustainable building that functions in accordance with modern day building standards and has a medium to long term life span.
- A major refurbished Harlington that contains a new purpose built theatre with a 250 tiered and retractable seating auditorium and a minimum 100 seat balcony. A new stage with state of the art lighting and sound systems. The acoustics to be

designed to accommodate a variety of performance types. The theatre to be supported by a full suite of back stage and front of house facilities together with a dance studio and second performance space.

- A new Harlington complex built on Gurkha Square to accommodate all of the above facilities but configured to deliver the maximum visitor experience unrestrained by any internal constraints.

The Tender advertised on the National Contracts Finder Data Base attracted a total of 17 submissions, all of a surprisingly high quality. The Harlington Working Group worked tirelessly over three days including a weekend to assess every tender against a standard assessment sheet. The rankings of the nine assessors were consolidated into a single ranking and the top four firms invited to an interview.

The interviews held over two days at the end of September were very interesting and highly informative. Two firms stood out as being of exceptionally high quality and fully appreciated the demands of the project. The final decision was a difficult one to make, but Burrell Foley Fischer (BFF) have been selected to take the Harlington Project forward.

BFF impressed the Working Group not only with their knowledge and experience, but their clear understanding of the need to develop a sustainable business plan and how The Harlington complex integrated into the local setting and added more value to the community than just being a theatre complex.

The programme that is in place will see the preliminary designs and costings together with the development of the presentation material complete by the end of January 2017. The public consultation will be held through February and early March. The final choice of scheme will be announced at the Annual Residents' Meeting on 28<sup>th</sup> March next year. Once that decision is made the implementation of Final Designs and the preparation of contract documents for construction work will commence.

## Making a Difference...

### *Tennis at Calthorpe Park - Play Tennis for £36 a year!*

In July the Tennis Courts in Calthorpe Park underwent resurfacing works and a new access system was installed. With the re-opening of the Courts in August, the Council launched a brand new offer whereby families are able to play Tennis at Calthorpe Park for just £36 per year!

The £36 membership fee entitles you to a unique 4 digit access code that can be used to access the Courts after you have made a Court reservation online (for which there will be no charge). You can play as much as you like for a year!

We hope that families will take advantage of this introductory offer to encourage children and youngsters to spend more time outside and be more active in their free time.

Says Paul Einchcomb, chair of Fleet Town Councils Recreation, Leisure and Amenities (RLA) Committee

“The Town Council is working hard to increase sports participation in the local area for residents of all ages. Tennis is a sport that can be played from the time you start walking, throughout your whole life, with friends or family, for fun or competitively. We hope that this introductory offer will encourage local people to pick up their rackets and get down to the tennis courts in Calthorpe Park.”

To register for this exciting offer, please visit our new Tennis website [www.calthorpeparktennis.com](http://www.calthorpeparktennis.com) and set up an account. You can then pay the membership fee and start playing!

For those who only wish to play a game or two ‘Pay to Play’ Tennis will still be available, charged at £6 per court per hour.

The Council would like to again thank the Lawn Tennis Association as the resurfacing works were only made possible through their help and support, having given the Council a grant for £43,000 and a new booking + access system worth approx. £10,000.

### *Neglected Graves at Fleet Cemetery*

The Council would like to say thank you to Sleeping Leaves for adopting neglected graves to maintain in Fleet Cemetery. The Council would also like to thank the Friends of Group for all their hard work.

Fleet Town Council is responsible for the general maintenance within the Cemetery, however the owner of the exclusive rights is responsible for the maintenance of the memorial on the plot and to keep the plot tidy. Unfortunately some of the graves are sadly neglected as the families move away or are unable to visit. "Friends of Fleet Cemetery" is a group of volunteers that undertakes tasks such as tending to these neglected graves, tidying the Cemetery, growing plants etc. If you have a spare hour or so each week then you might consider joining the Friends of Group. If you are interested or have any questions Email: [cemetery.clerk@fleet-tc.gov.uk](mailto:cemetery.clerk@fleet-tc.gov.uk) or call 07880 722941.

## Hart District Council - Local Plan

By the time you are reading this newsletter Hart District Council will have decided, at a special Council meeting on the 20th October, on whether or not to initiate the public consultation for the long awaited Local Plan. The Local Plan will specify **where** and **how many** new homes will need to be built in Hart over the next 15 years, together with the infrastructure required to support such growth.

It is an extremely important document as it will drive planning policy and planning application decisions for Fleet.

The public consultation (minimum 8 weeks) is a key stage in developing the plan, to allow it to go to examination by an Independent Planning Inspector early next year. Hart District Council needs to know your views so please respond.

Details on how to respond and an on-line response form will be available at [www.hart.gov.uk](http://www.hart.gov.uk)
